Subject: Resort Human Capital Information Survey 2025

Dear Sir/Madam,

Greetings from the Ministry of Tourism and Environment!

The Ministry of Tourism and Environment is conducting a **Human Capital Information Survey** for resorts. This initiative is designed to collect detailed employment statistics that are vital for understanding the evolving landscape of the tourism sector.

The survey aims to capture employment statistics in resorts, such as the human resource distribution across different departments, and the composition of senior management within resorts. The information gathered and the findings of the survey will be used exclusively to support workforce development in the tourism sector, conduct specific sector-related trainings, and evidence-based policy decisions.

Hence, we kindly request your resort to complete the survey via the link or QR code below and submit it to us latest by **30th July 2025, Wednesday at 14:00 hours**. Please note that all data provided will be kept strictly confidential.
